

I ILLINOIS

Incoming Fall'24 student at the University of Illinois to pursue
MS in Mechanical Engineering

Production & Industrial Engineering graduate from IIT Delhi

- Bachelor's Thesis: "Design and Manufacturing of Nano Heat Sinks"; **Grade A**
- Honoured twice with **IIT Delhi Merit Award** for academic excellence
- **Founder & Team Head**, Infinity Hyperloop
- Junior Engineer, AXLR8R Formula Racing
- Undergraduate **Teaching Assistant**, Solid Mechanics

Received my Bachelor's Degree in Production & Industrial Engineering from IIT Delhi with the unwavering support of my parents.

FROM ENGINEERING SOLUTIONS.....

Successfully ideated and developed vacuum bagged CFRP bodyworks for IIT Delhi's formula racing car reflecting the "I CAN" philosophy.

TO ENGINEERING TEAMS!

Founded and headed IIT Delhi's first-ever hyperloop team.
Conducted daily briefings, mentored brakes department, secured sponsorships and successfully established it as an official entity.

Team doing wonders!

FORMED BONDS THAT LAST FOREVER!

Infinity Hyperloop team

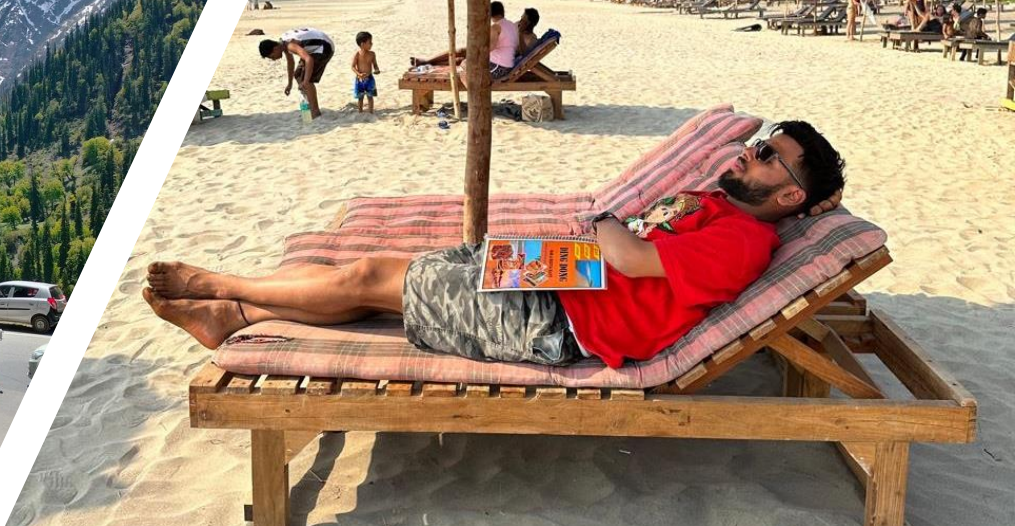

AXLR8R formula racing team

They were opportunity for me to be part of an extremely great community of scholars

SOCIAL CONSCIENCE: EDUCATE TO EMPOWER

- **Facilitator, She Codes India:**
Imparted basic computer skills to more than 80 young girls aged 13-14.
- **Unnati Teaching Project:**
Mentored underprivileged students of class IX and X toward career pathways in STEM.

**A WANDERLUST
FILLED EXPLORER!**

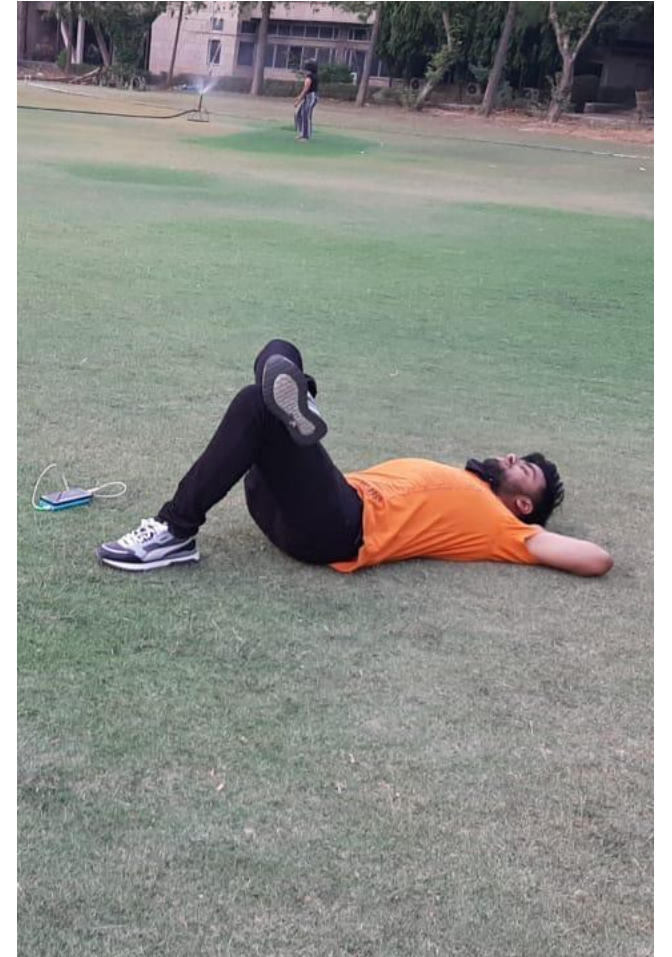

I ALSO

like to drive

like to eat

like to sleep
